

Cycle Repairing Shop (IGA)

Village Rasabeda situated in the inter part of Khairput Block under Malkangiri District. 225 nos. of PVTG households along with ST, SC, communities are living in this village. All the villagers are belongs to BPL category, socially and economically backward. Samuel Chalan, a poor and physically challenge person living in the same village with his family. Daily labour work was the major source of income to maintain his livelihood. It was very difficult for the family to survive on single income. Samuel Chalan had a deep desire to earn, but couldn't get any work. He decided to use his air pump to earn some money to support his day to day expenses.

Intervention of OPELIP project, the VDA meeting held in every month (Regularly) in the VDC. During the meeting, the villagers discussed about Samuel Chalan for his livelihood. Through the wellbeing ranking analysis her family comes under Physically Challenged, Poorest of the poor category & the beneficiary moreover literate to handle a business.

In the year-2020-21, the VDC gave IGA support to Samuel for livelihood improvement by establishment of a Cycle repairing Shop. He was provided support of amount 15,000/- under IGA category. With that amount, he bought few cycle spare parts and other required tools for providing, cycle repair and started his business through his own shop.

It is indeed happy days for Samuel Chalan, as he never thought of having a shop, not even in his wildest dream, that one day he will do a business. This way OPELIP (IGA) helped Samuel Chalan to earn livelihood and become a budding entrepreneur...!
